The pay ear, known among railroad men as "the bread wagon," passed through Sunday. For the last two months it has struck this branch on Sunday, but we have heard of none of the boys kicking on taking their money on that day.

Use Potts flour and meal, and insist on your grocer furnishing same. We are here to see that you get our goods. We deliver promptly in any quantity to any part of the city. Respectfully, Potts Bros. Phone 100. 2-27-tf.

Our goods will probably cost you a trifle more than the general run of city flours, some of very doubtful merit; but our goods will more than make up the slight difference, in quality. Resp'y, Potts Bros. 2-27-tf.

One 10 horse-power Rumley portable engine, in No 1 shape, one Nordyke & Morman corn mill 18 inch burr with corn and meal elevators. Will sell on time 'til Jan. 1, 1904, with good note. 2-27-tf. Leslie T Bradshaw.

Spreading Rock.

Work house keeper Tillett has a large force of men spreading new metal over the streets. The mud is almost waist deep all over town, and the work is badly needed. But we fear the machine-broke rock will cause much trouble in the summer, as it is broken very fine, is soft and will make much dust. This has been the experience in many other towns and we have seen much complaint in our exchanges over the mud holes.

Next Wednesday is All Fo'ls' day.

Old papers for sale. Lenny Miller, Record office.

New lot of furniture on hand R. L. Jennings and Co. Paint Lick.

Gold fish, fish globes, shell, fish food and etc. just received at Thompsons.

Died in Indiana.

Garrard county relatives have received information of the death of Mr. Wesley Rout, which occurred in Bryantville, Ind., last week. Mr. Rout was in his 74th year, and his death was caused from an immense carbuncle on his neck. He was a son of Lew. is Rout, formerly of this county, and had a number of relatives in this county.

Here's Your Chance.

The firm of R L Jennings & Co Paint Lick, having decided to dissolve partnership, they are offering some great bargains, as the stock must be closed out. See their big ad in The Record. Mr Sam Joseph, one of the cleverest men with whom we have had dealings, will retire from the firm, and when the stock is sold out, Mr Jennings, an equally popular and square man, will put in another immense line of goods at the old stand.

I have by far the prettiest line of Spring and Summer Millinery ever brought to Paint Lick, and I cordially invite the ladies to call and look at the many handsome designs now being shown. Great care was given to the selection of our stock, and we have the very latest styles at prices remarkably low. Mrs. Minnie Jennings Paint Lick, Ky. m-27-tf

Bank Work.

Through the rank carelessness, or cussedness of some one, our papers for Bryantville, dated the 13th, have never reached that point, and those for Marksbury were several days late. Postmaster West is trying to locate the trouble, and some fellow's hide is going to smoke. Mr. West is very obliging to this office, and we seldom have a complaint from subscribers at this point. We pay a pretty stiff price for handling the papers, and if your postmaster is careless about giving your copy to you, please be kind enough to inform us.

Special Notice.

I have just returned from the city, where I purchased a supply of fine millinery for Spring and Summer wear, all new and latest styles. Have again secured the services of Miss Bennett, the expert trimmer with me last Fall, so we are sure to please you. We are expecting the patronage of all our friends and acquaintances and feel sure we will please all. Cella J. Armstrong, Bryantville. m-27-tf

Serious Accident.

Mr. Dave Pullins, of Conway, met with a serious mishap at Rowland, Monday. He was coming here, and thought No. 24 would make another stop at Rowland after taking water. When he discovered his mistake, the train was moving at a lively clip, and in jumping, he missed his footing and fell into the rock ballast alongside the track. A large cut on the nose, a deep one in the head, a dislocated wrist and other scratches go to show what a severe fall he had. Dr. Acton dressed his wounds, and as he left for home that night, he was pretty sore in many places.

Our goods are put up in 12 lb., 24 lb., 48 lb., or 96 lb sacks. The 48 and 96 lb packages are put up in plain or twill sacks as you prefer—the twill sacks make splendid towels. You should try some flour put up in this way. Resp'y, Potts Bros. Phone 100. 2-27-tf

I have a good barouche which I will exchange for hay, corn, in fact anything but money. A bargain. T. Curry. m-13-tf

John S Baughman was here Monday with his horse, advertised in this issue. John is a mighty clever fellow, and has many friends here. His horse is a splendid animal and has a wide reputation.

100 barrel, up-to-date flour mill for rent. In perfect condition, and is situated in Lancaster, near depot. Terms reasonable. Address J S Minor & Son, 312 W. Jefferson st., Louisville.

"The bed too short, the covering too narrow," was the subject of a Danville minister's sermon recently. On the evening previous to delivering it, he doubtless ate mince pie for supper, to give him a better conception of the subject.

Flower seed in bulk: Sweet Peas, &c. Fresh seed very cheap. We will receive our Tube Rose Calendar and other bulbs by March 1st; will have full stock of flowers as soon as season opens. J C Thompson.

Several of Hon. Willard Mitchell's Jessamine county friends were here Monday whooping up that clever gentleman's canvass for democratic nomination for attorney general. Mr Mitchell has many friends in Garrard, and is quite popular here. He is sanguine of success.

Go to Kirksville.

By special request, the Lancaster troupe will repeat the two-act drama, "Last Leaf" at Kirksville next Friday evening. This entertainment was greatly enjoyed when given here, and the people of Kirksville will certainly get their money's worth. We understand a large crowd will greet our people, a big delegation coming down from Richmond.

Easter.

Easter this year will be on April 12. The earliest date on which Easter can possibly fall is March 22, but this has not occurred since 1818, and will not again occur until the year 2000 has been left well behind. The latest day for Easter is April 25. This was the date in 1885 and will be again in 1942. Besides 1903 Easter will fall on April 12 in 1914, 1925, 1936 and 1998—five times in one century.

Bad Roads.

Some of the county roads, better known as "dirt roads," have been in miserable condition for some time, and have caused untold loss to the farmers. Why not get together and put in several days work on these roads? By every man traveling a road meeting at some convenient time, bringing a team and tools, a road could be put in good condition, and that at little labor and cost. This would be time well spent, and money in the pockets of those who have to use the road.

Attracted Many.

A great many ladies went over to Danville today to attend the millinery opening at Miss Minnie Eastham's. A notice was sent The Record, but failed to reach it in time. Another for Misses and Children exclusively, will be held on Saturday before Easter Remember, all our stock is selected in New York city, we purchase nothing from jobbers, but go straight to headquarters, where the correct styles are secured. If you want the latest, the best, at most reasonable prices, call at our establishment, opposite court house, Danville. Minnie Eastham. It

The Siler Case.

Through an oversight, not our own, the name of Hon. Robert Harding was omitted from the list of attorneys in the Siler case last week. The trial consumed nearly all of the week. The jury was composed of the following gentlemen: T S Moore, J N Vanderpool, A R Naylor, A D Scott, W E Rubie, G S Duncan, Jim House, A D Hughes, R E McGrath, Jr., J W Speaks, S H Yeager and H C Miller. The jury was given the case Saturday afternoon, and after deliberating for some time came in and reported that they could not agree. Judge Saufley told them he would keep them over 'til Monday, and sent them back to their room. They then brought in a verdict of not guilty. The speeches by attorneys were said to be very fine, the house being crowded during the entire time. County Attorney Jim Hamilton made his maiden speech in a Common wealth's case.

Knight Templar.

The editor received an invitation to attend a banquet to be given by the Richmond Knights Templar this Thursday evening. Knowing, as we do, the hospitable manner in which guests are treated in Richmond, it is with the deepest regret that we were forced to decline.

Good Work.

Sheriff "Billy" Lawson and Deputy Clate Arnold being related to parties in the Siler case, preferred to not summon the extra jurors, and the court appointed Millard F. Rout to do the work. Millard "rode" deputy sheriff for many years and knows nearly everybody in the county, so he had his men on hand promptly next morning, the jury being quickly completed. If Millard's party should put him on the ticket some time, he would run like a scared dog, his popularity making him one of the strongest men in the county.

Court Day.

The weather was very disagreeable Monday, but a large crowd attended court. There were about 150 cattle on the market, most of which changed hands. Heifers sold from 3 to 3 1/2c. Steers sold from 4 to 4 1/2c. Butcher cattle brought 2 1/2 to 3c. The demand for mules was good, but owners were inclined to hold for more money than was offered. Many changed hands at from \$75 to \$150. Some pretty fair horses were offered, prices from \$75 to \$130.

Wanted, hemp. Will pay highest market price. R. M. West. Lancaster. 1-2-t-f.

Boards For Sale.

I have eighteen or twenty thousand white oak boards, two to three feet, made by Wm. Rinckles, which will sell in lots to suit purchaser. W. L. Lawson.

Don't Beef.

When it is much easier to be pleasant and agreeable in business transactions, it is indeed hard to conceive why some people persist in "beefing" and complaining in every matter that comes before them. There are some men who go about with their noses turned up like they smelled limburger cheese, and if spoken to, reply with a sharp, impudent and impolite manner which makes it very disagreeable. They must think some one is afraid of them, or they are some pumpkins. Of course, you can avoid the company of people, but when business throws you into their company, gee, but it's awful. There are not many such people, thank the Lord. Are you one of them? Give yourself a thorough study and if this shoe fits you, you had better reform before some fellow slaps the taste out of your mouth.

Just Out.

A new song "Memories of the Past" by Blue G. Bard, the Hopkins county poet is fast becoming a favorite with music lovers of Kentucky. Mr Bard strikes a key note in this song that vibrates in every heart, and his friends pronounce it a success. Copies of "Memories of the Past" can be had by addressing Blue G. Bard, Earlinton, Ky., or Marvin H. Prather, Madisonville, Ky. Price, postpaid, 25 cents.

Merchants say that onion sets are a drug on the market. The supply is too strong for the demand. More onion sets on the market than has been known for fifteen years. They are buying and selling them at from 35c to 50c per bushel, owing to kind.

"Gams" Never Molested.

The Paris Gazette tells gospel truth in the following: "Really and truly a gambler has been convicted in Lexington, the jury giving him one year in the penitentiary and a fine of \$506. The Gazette will bet \$500 he never serves the time nor pays the money. There is a divinity which doth hedge a gambler, stranger than the divinity which doth hedge a king, and his name is Politics. Before one of the 'professors' is taken up a place is provided for his fall, and before he is convicted, a loophole is afforded for his escape. Governors are among the ministering servants, and the Commonwealth's Attorneys creatures of his pull. Grand juries may indict and petit juries find guilty, but Politics suspends the sentences or grants the pardon. Conventions are pledged for his release and offices are bartered for his freedom. The community upon which he preys is without protection, and a Law and Order League is the butt of ridicule. Neither press, nor pulpit, nor legislative enactment can prevail against a gambler, for he knows no party, and will affiliate with none that allows its offices to disturb him. Let the public keep an eye on this case. He will escape!"

CENTRAL RECORD.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky. March 27, 1903.

The "Jobs" which would go through Congress, if it were not for the restraining power of the press, are terrible to contemplate, says the St. Louis Republic. So Congressman Littlefield is quoted as saying; also, that "if there were no newspapers at all, I don't believe I would be willing to trust myself alone in the House of Representatives for fifteen minutes." Mr Littlefield only adds to the testimony of countless men in public life to the weighty influence wielded by journalism, an influence only remotely perceived and understood by the average person. A watchful press has on numerous occasions verily saved the country. In a sense the newspapers are the people's agents. Their heavy responsibility springs from the intimacy of their relation with the people. In every sense they should be the people's safeguards. While they do to a large degree reflect public opinion, they also, through the concentration of impressions, create and mold it; and public opinion is the press' weapons for good or for evil, for the performance of grave duty or for violation. But to save the country from great legislative crimes is only a secondary obligation. Journalism's opportunity is in the first instance, and it performs a far higher duty and one of profounder consequence when it saves the people from designing politicians and delivers the country out of their hands. A vigilant and downright free and honest press is, in one view, a last resort for a people oppressed by unscrupulous politicians. No man, however great, in public life, can defy a united press. It is only by dominating a weak or corruptible element in journalism that evil powers manage to survive. When every newspaper learns the truth, which is more evident in journalism than in any other sphere, that honesty is literally the best and the only substantial policy, universal politics will undergo a mighty purification.

The executive committee of the Press Association trusts that papers over the state will give wide publicity to the fact that POSITIVELY NO ONE, save bona fide editors will be allowed on the trip this summer. Notwithstanding the fact that the officers have published the section of the constitution covering the case, there are people who try to butt in. The editor of this paper having served on the credentials committee for two years, knows how unpleasant it is to decide these cases, and when the law is so plain, we cannot comprehend why people try to evade it. Editors are to blame for this, by sending people to represent them, and, in some cases, making it appear that the applicants are bona fide. As a member of the committee, we ask our exchanges to please announce that the officers have determined to draw the lines even more closely this year, and if you are

not the editor of a paper, stay away from the meeting, for you will certainly be turned down. It is the railroad companies, and the people of towns doing the entertaining that require this, not the committee. The latter are not inclined to entertain callow-faced youths, dudes, or occasional space-writers, in fact they are not going to do it.

With the papers grinding out column after column of politics, it is enjoyable to run across an item like this taken from the Cynthian Democrat: "The good road question is of more importance to the people of Harrison county than the result of an election. Besides volunteering services as judges, clerks and sheriffs, why not arrange a joint good roads primary among Democrats and Republicans, and let each fellow volunteer to repair every break, hole and weak spot in the turnpike that abuts his farm. One day's primary of this kind would furnish the authorities with a splendid base to work on, and the \$14,000 appropriated this year for roads could finish the general election with victory for every body. This is a point where patriotism counts."

The president of a certain Presbyterian college issued an order prohibiting students from belonging to secret societies, on penalty of expulsion. We will wager a new spring hat that the old fellow has been black-balled by some lodge. When you hear a man running lodges, down it is always true that he has been unworthy, and the ballot found "foul."

The Lexington Herald extends a flattering invitation to the Press Association to meet in that beautiful city this summer. There are more pretty girls and good whisky in Lexington than any city its size in the South, so here's one vote on not only going there, but staying there as long as they will let us.

A gold brick, valued at \$23,500, in transit from Salt Lake to some point in the East, was stolen from the Union Station at Detroit. Judging from the numerous gold bricks bought by Lancaster people, they would be glad to furnish the Detroit loser with another at half price.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs W Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in beside. Doctors treated him, but he grew worse every day. At length we tried Dr King's New Discovery for Consumption, and our darling was saved. He's now sound and well." "My Face"

Is my fortune said the pretty maid of the ballad. It is a matter of history that beauty has been the only dower of many a woman whose name has become historic. But, on the other hand, how many a woman of large heart and noble mind has been compelled to say "My face is my misfortune." There can be few greater misfortunes than to have her face marred by pimples or other eruptions. The cause of these blemishes is found in an impure condition of the blood. To make the skin clear the blood must be made pure. Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eliminates the elements which corrupt it. It cures scrofula, eczema, pimply eruptions, brown spots, boils, erysipelas and other disfiguring diseases which are caused by the impure condition of the blood.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main Street, Battle Creek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

"Three times I have cured myself of erysipelas," writes Mrs. Lolita Mitchell, of 1824 Adeline Street, Oakland, Alameda Co., Calif., "by using your 'Golden Medical Discovery' after I had been under the doctor's care and found no relief."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Danger of Colds and Grippe.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case which shows conclusively that it is a certain preventive of that dangerous disease.
